

FHIR Keynote without any Title

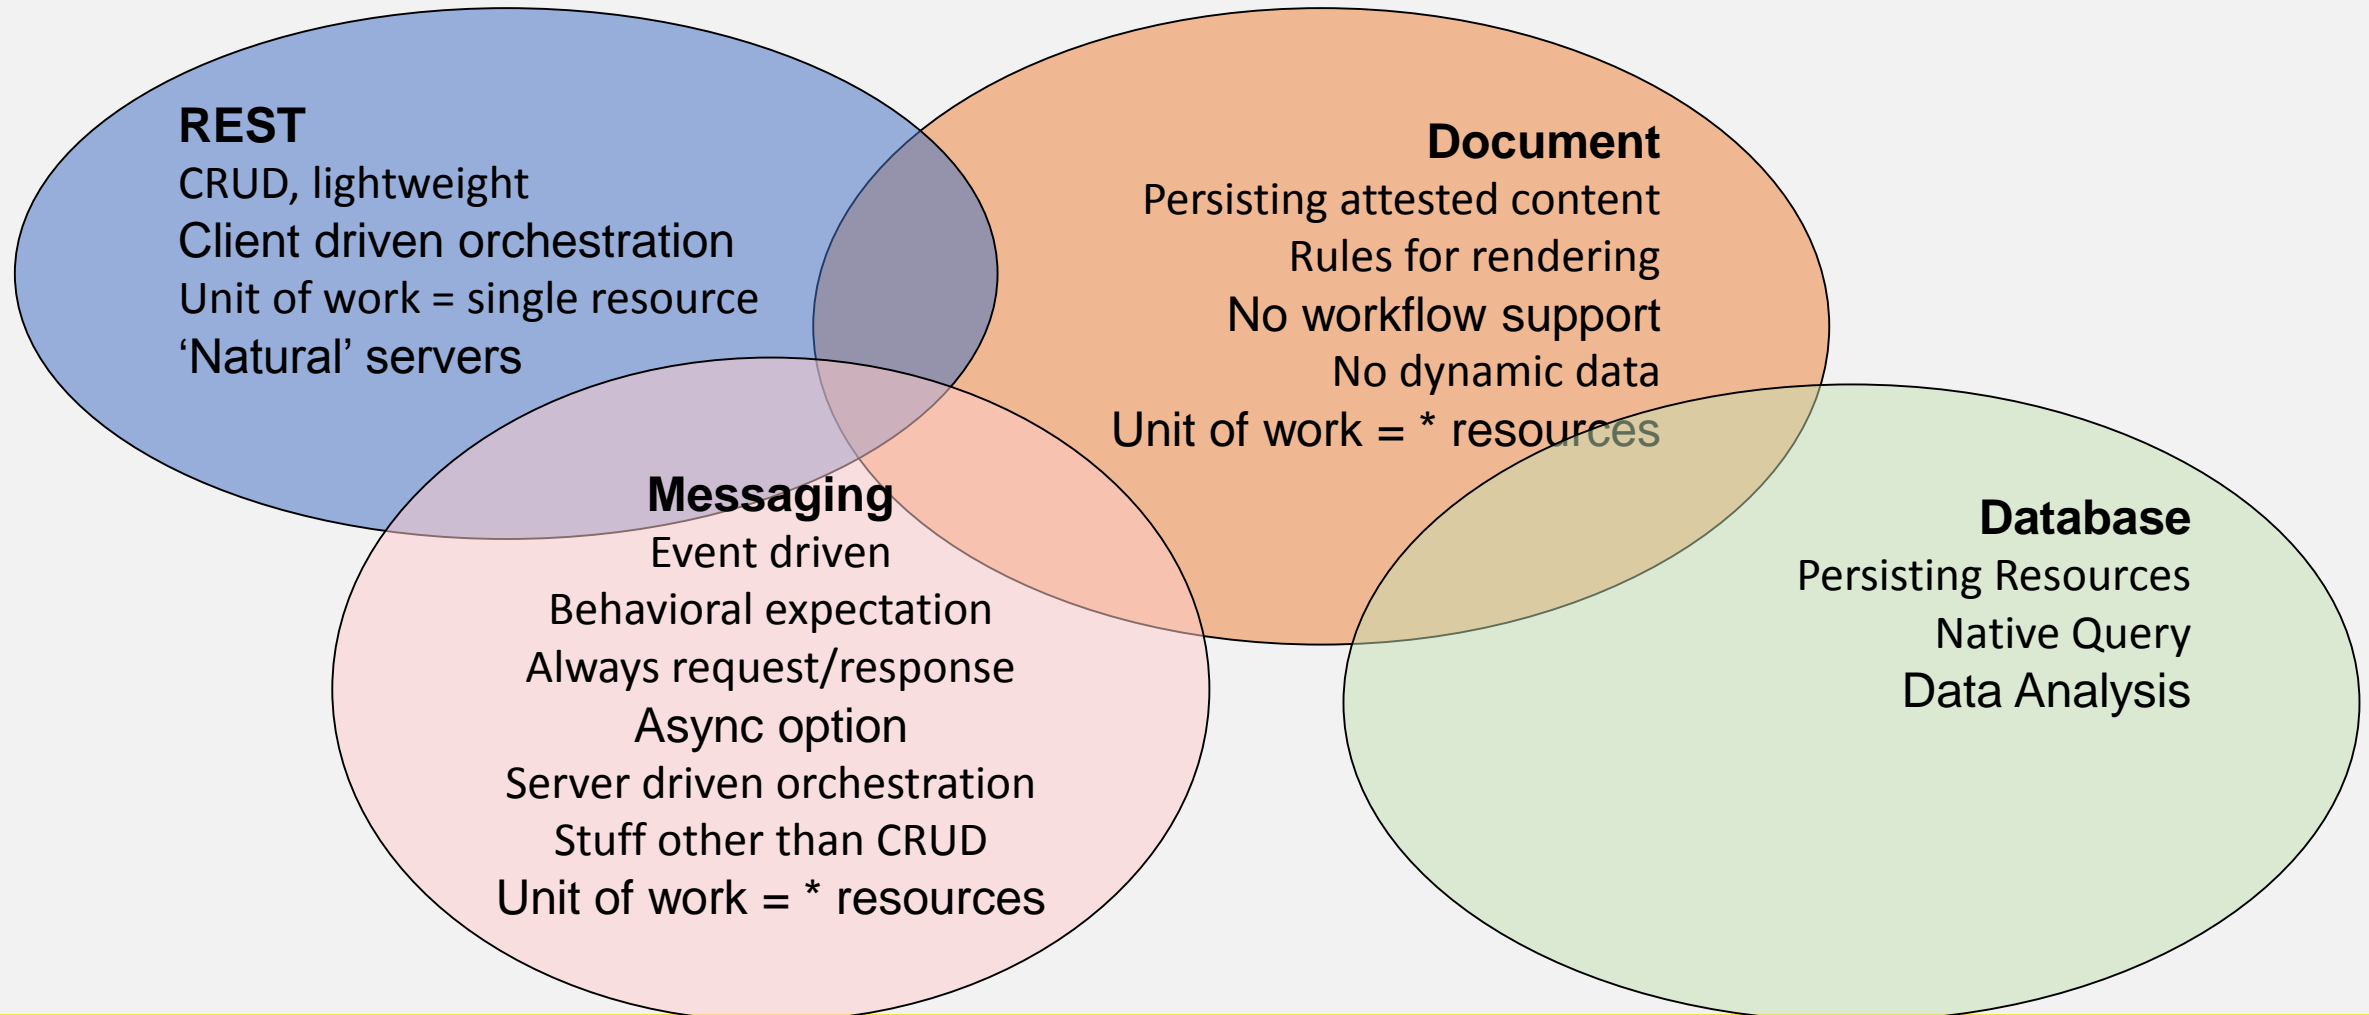

Grahame Grieve, Health Intersections / HL7 FHIR Product Director

Amsterdam, 15-17 November | [@fhir_furore](#) | [#fhirdevdays17](#) | [www.fhirdevdays.com](#)

Where is Grahame ?

Hey, FHIR fans!

Have you ever seen so many FHIRed up fanatics? We're here at the Amsterdam 2017 FHIR DevDays - just look at who's here and what they've brought with them! Point your FHIRy eyes at this picture: the search is on!

First off: where is Grahame, our FHIRman-in-chief (and no my friends, framed images don't count!) - he's there no less than three times! Can you find all three Grahame-instances?

And can you find these objects: a teddy bear, a broom, an alarm clock, and a watering can?

... do you think you're done? Think again my dear friends, the treasure hunt will continue during the upcoming FHIR DevDays in Boston and Amsterdam!
