

# Data at the Point of Care (DPC) API Pilot

Anna Routh – Centers for Medicare and Medicaid Services  
David Greene – Ad Hoc

HL7 FHIR DevDays 2021, Virtual Edition, June 7–10, 2021 | @HL7 | @FirelyTeam | #fhirdevdays | [www.devdays.com](http://www.devdays.com)

ORGANIZED BY

PARTNER

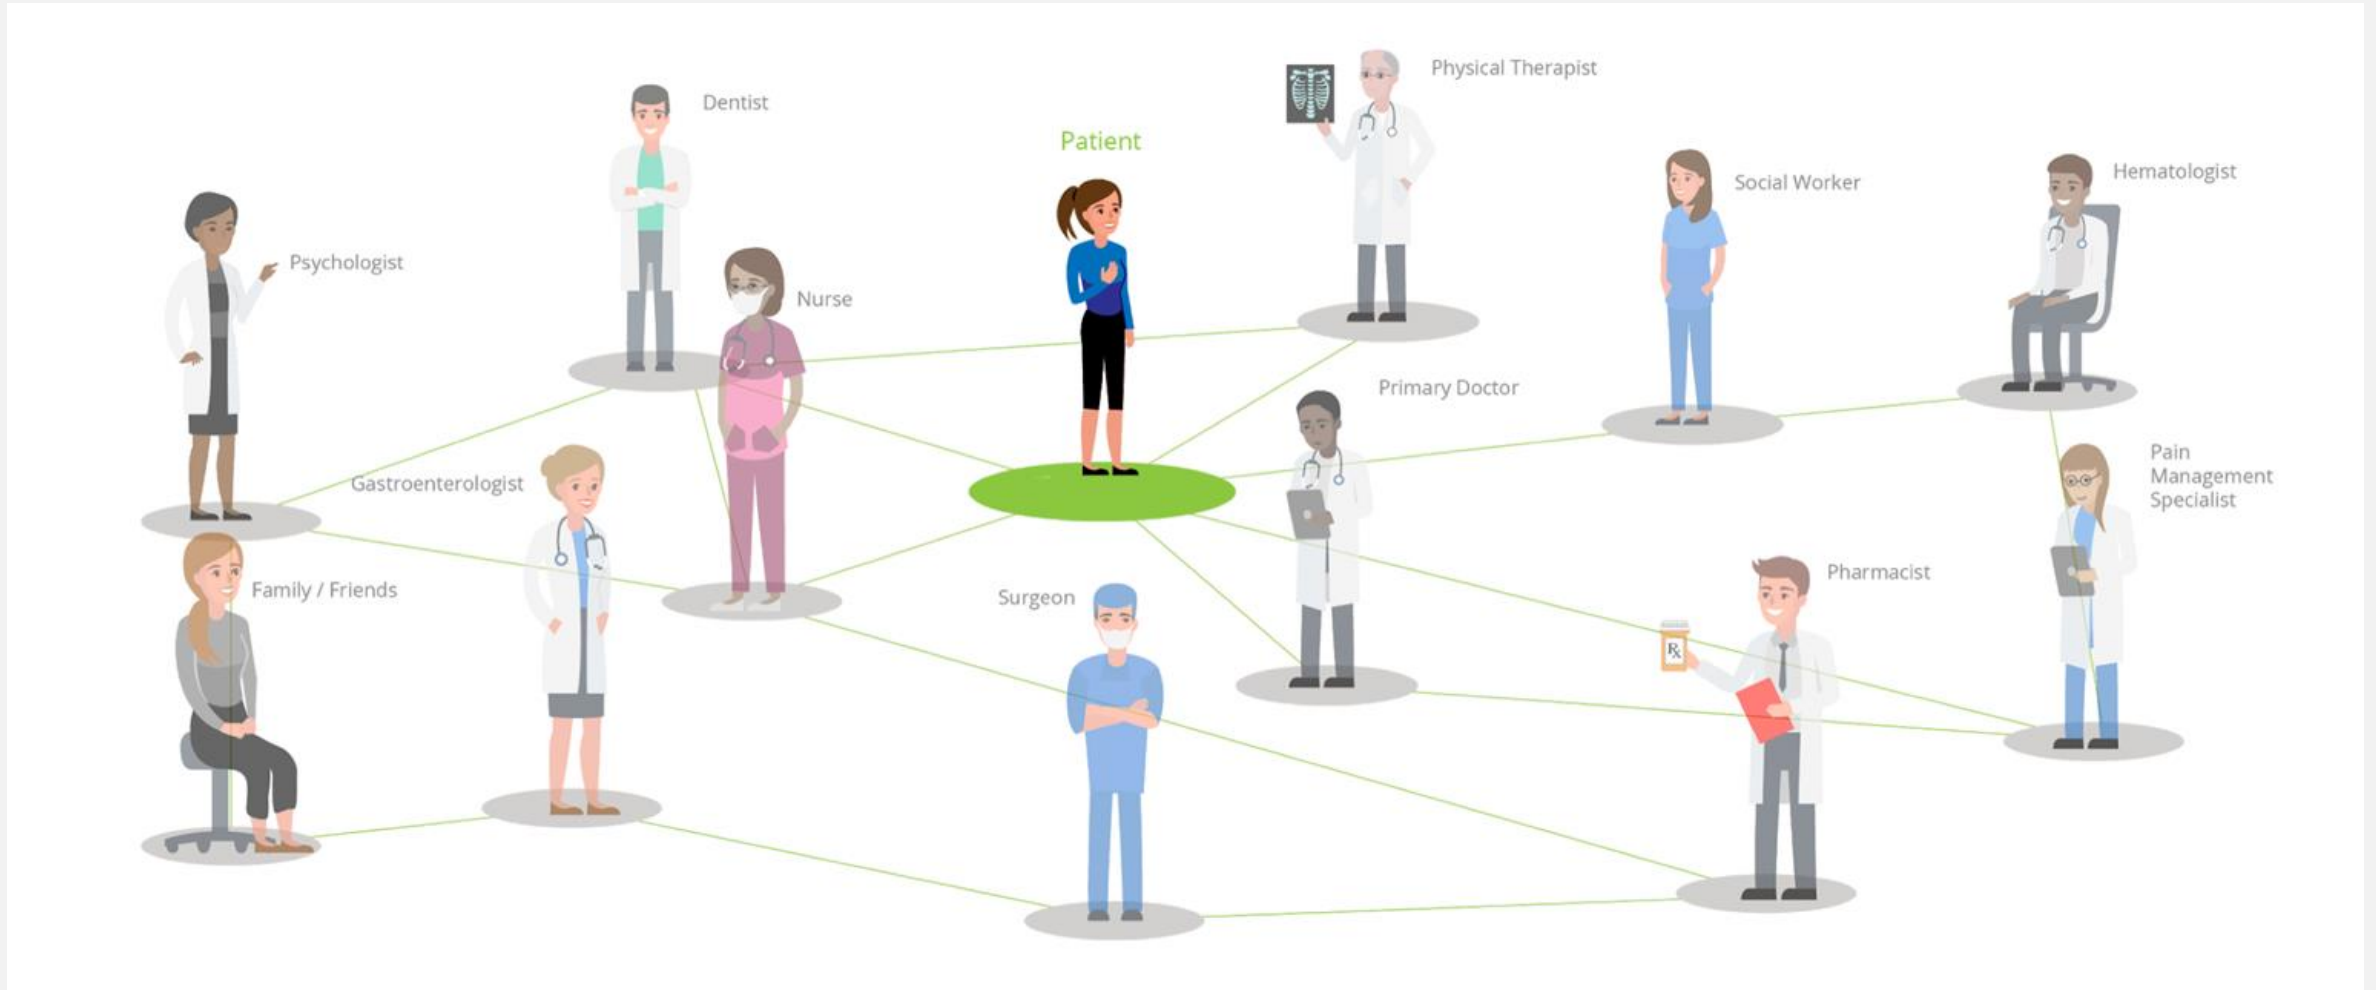

## Who am I?

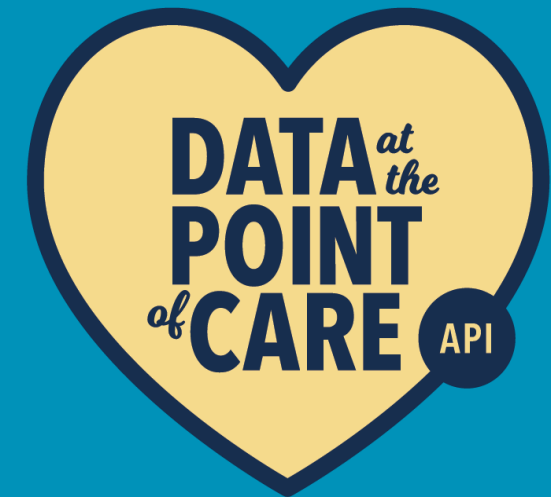

- Anna Routh
- API Product Manager at CMS
  
- David Greene
- DPC Lead Engineer at Ad Hoc

# Learning Objectives

- What is DPC?
- What is next for DPC?
- How does DPC work?

How can  
claims data  
help  
providers?

Part A

Hospital  
Insurance

Part B

Medical  
Insurance

Part D

Prescription  
Drug Plans

Allows providers to gain insights about their patients' health history

Allows providers to see the care that their patients are receiving from a variety of sources

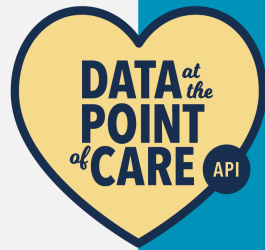

Enables better care coordination

Less time on history, more time on treatment

So  
what's  
next?

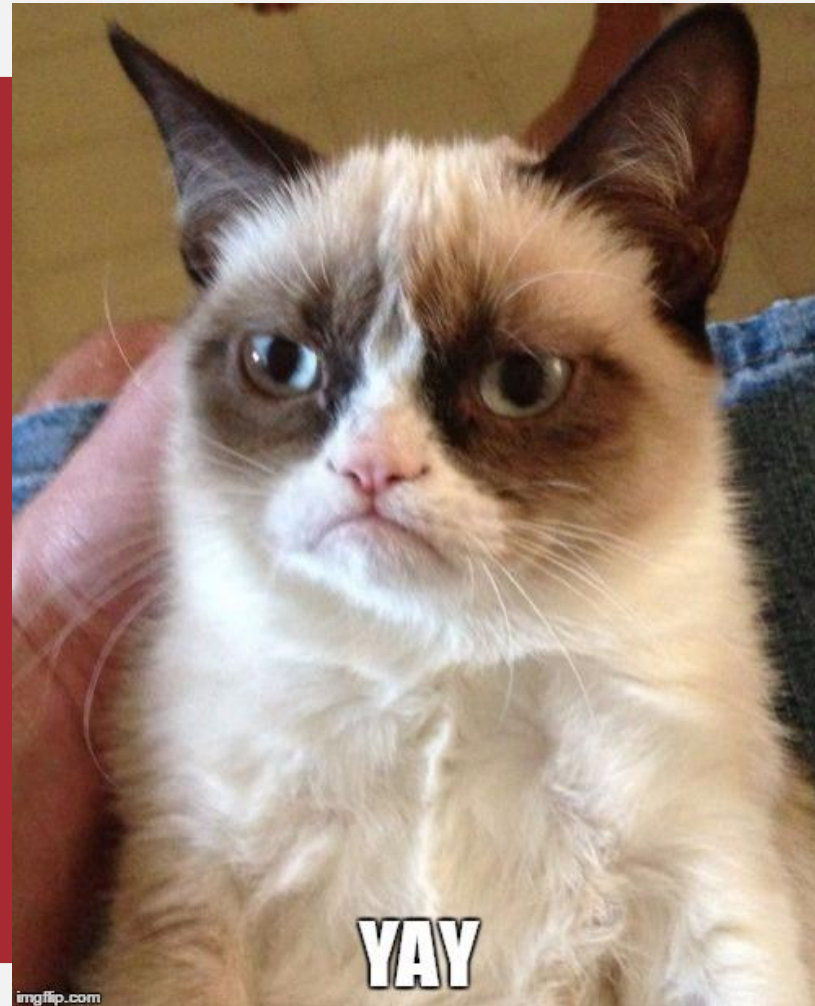

DPC Version 2 "V2"

Ongoing Pilot Onboarding

**Now the  
fun  
part...**

**DEMO**

## What did you learn?

- What is DPC?
- How does DPC work?
- What is next for DPC?
